SO GOOD IT'S ALMOST ILLEGAL

Visit our Booth at the EXPO '88 Milwaukee Mecca, January 27 and 28.

OLIVETTI ETV 260.
A complete automation solution for the legal industry.

Never before has the legal profession had access to an all-in-one office automation system like the OLIVETTI ETV 260. It's the world's first electronic typewriter, word processor, IBM® compatible personal computer and printer combined in a single desk-top unit.

Whether you require time and billing programs, interacting with on-line legal libraries or communicating with mainframe computers, the ETV 260 does it all. And it's flexible enough to simply type envelopes or create and produce complex documents. You can use the ETV 260 to run most of your current software programs, or you can utilize the new legal management programs from OLIVETTI, like PC Law.™

OLIVETTI ETV 260. See the legality of it today, at Aim Business Systems, the specialists in law office automation. Or call (414) 462-5300 for a demonstration at your convenience. Be sure to ask about our complete, no obligation review of your word processing and computer requirements.

HARD EVIDENCE IN SOFT TISSUE INJURIES

PERSONAL INJURY CASES NO LONGER RELY JUST ON THE VICTIM'S WORD. THERMOGRAPHY CAN SUBSTANTIATE OR REFUTE CLAIMS FOR DAMAGES FROM HARD-TO-DOCUMENT TRAUMA.

Thermography is a diagnostic tool that documents trauma and nerve damage through specially prepared, infra-red images of the body.

Thermography offers court-admissible evidence that can distinguish actual suffering from psychogenic pain. It provides a visible record of trauma and pain in true cases of whiplash, pinched nerves, muscle tear, and other injuries – even revealing physical problems that previously had no medically verifiable signs. Thermographic data also provides a reliable record of the progress and effect of victim's therapy.

Dr. Richard D. Esenberg is one of the state's leading experts on Thermography. A Doctor of Chiropractic, Esenberg is Board Certified in Clinical Thermography and has performed 5000 thermographic procedures since 1982.

ESENBERG CHIROPRACTIC CLINICS
